Linda Klenczar
Umbrellas

Carolyn Weins
Purple Clouds

The Gallery at Washtenaw Community College looks forward to hosting the Chelsea Painters. Chelsea Painters is a diverse group of talented men and women who are actively involved in art on local, regional, and national levels. They support one another, strengthening each other's artistic vision, allowing for diversity and individual growth.

Their artists enjoy working in a large variety of media, including watercolor, acrylic, oil, pastel, egg tempera, printmaking, mixed media, collage, and gouache. Their styles of art range from abstract to realism and their subject matter can include

- landscape
- botanical
- waterscape
- cityscape
- abstract
- still life
- social commentary
- portraits

Each artist portrays subjects in their own style. The variety of their work shows the public what is possible!

*Look for the
Michigan Art
Education Alliance
Region 3 Exhibition
in January!*

Welcome to the 2026 Fall semester at The Gallery! We are excited to begin another season of exhibitions, events, and creative discovery. Our mission is to serve the campus and the community as a center for art and a catalyst to support instruction, create a space for learning and aesthetic enjoyment, and promote visual and performing arts at Washtenaw Community College. Through diverse exhibitions and engaging programs, we celebrate the visual arts while fostering creativity, curiosity, and connection. We invite you to explore the gallery, participate in our events, and join us throughout the semester.
