

PROGRAM ASSESSMENT PLANNING FORM

Program to be assessed:

Title: **Nursing Assistant Skills Training**

Division: **HAT**

Department: **NHSD**

Program Code: **CCNASt**

Type of Award:

A.A.
 Cert.

A.S.
 Adv. Cert.

A.A.S.
 Post-Assoc. Cert.

Cert. of Completion

Assessment plan:

Learning outcomes to be assessed	Assessment tool	When assessment will take place	Describe population to be assessed	Number of students to be assessed
1. Recognize concepts, terms and methods related to the duties of the Nurse Assistant, using guidelines from the State of Michigan Department of Public Health.	Nurse Aide Training Program Exam Results – Michigan: Knowledge exam results	Annually	Students who took HSC 100 at WCC and test within the year (note – program completers must test within one year of completing the training program or HSC 100).	All within the defined time period: January 1 through December 31 of the prior year.
2. Demonstrate skills (independently and with 100% accuracy) related to the performance of a Nurse Assistant's duties, using guidelines from the State of Michigan Department of Public Health.	Nurse Aide Training Program Exam Results – Michigan: Clinical skills exam results	Annually	Students who took HSC 100 at WCC and test within the year (note – program completers must test within one year of completing the training program or HSC 100).	All within the defined time period: January 1 through December 31 of the prior year.

Scoring and analysis of assessment:

1. Indicate how the above assessment(s) will be scored and evaluated (e.g. departmentally developed rubric, external evaluation, other). Attach the rubric/scoring guide.

Annual Results of CNA Examination

2. Indicate the standard of success to be used for this assessment.

Program should score at the State passing average or higher: Currently: Clinical Exam = 74% Knowledge exam = 96%

3. Indicate who will score and analyze the data (data must be blind-scored).

Results summarized and provided by the State of Michigan Department of Community Health

4. Explain the process for using assessment data to improve the program.

If programs fall below State averages, training methods will need to be reviewed to help improve students' success on the exams. If results fall significantly below State averages, the program may be subject to increased monitoring by the State, including but not limited to the review of training methods, instructor qualifications, admission requirements, clinical sites, and/or finally the program's continuing approval.
